*BioPreferred is a federal program that aims to increase the purchase and use of biobased products. Biobased products are made from biological or renewable agricultural materials like plant, animal, marine or forestry ingredients. Minimum biobased content is specified and information on the technical, health, and environmental characteristics of these products are made available on the BioPreferred Web site. The United States Department of Agriculture manages the program.

can do.

DIRECTIONS

1. Apply directly to sponge, wet cloth or brush. Loosen soil and build-up with rubbing action. Rinse thoroughly. For heavily soiled areas, remove gross soil before cleaning.

2. When cleaning stainless steel, always rub with the grain. On chrome fixtures and other polished metals, use gentle rubbing action. For a brighter shine, polish with a clean, dry cloth. May dull highly polished surfaces.
